

An Indo-German Dialogue: “Innovations in Enzyme Engineering”

Organised by
Consulate General of India-Hamburg, Hamburg Invest &
Elga Biotech-Hamburg

**24 August 2018, 13:00 to 17:00 h, Hamburg Invest,
Conference Room 1122, Wexstraße 7, 20355 Hamburg, Germany**

The aim of this conference is to showcase the progress that India has made in the industrial biotechnology sector and will highlight the opportunity for collaborating with Indian companies. It is expected to publicize the vast business opportunity that India offers in this sector, with special emphasis to enzyme engineering which is key to most industrial biotech applications. We will take a global view on enzyme development, innovations and the future directions in enzyme technology and the implementation of biotechnological solutions of industrial processes. The interaction will provide the ultimate networking platform to promote Indo-German collaboration in research and development as well as in B2B business partnership.

Registration is free but mandatory. Only registered participants will be allowed entry.
Registration closes on **17 August 2018**
